VETERINARY CERTIFICATE

Horse: Smart Missile x Cash Crazy '15
Signalment: Brown yearling filly
Brands: Left shoulder = Lineal bird over NT
Right shoulder = 25 over 5
Microchip: 985100012058814
Examined at: Goodwood Farm, Stable 2, Inglis Sales Complex, February 2017

At the request of *Mr Scott Darby* of Darby Racing, a veterinary examination of the above horse was undertaken at the Inglis Sales Complex, Randwick, New South Wales on the 11th February, 2017. The purpose of the examination was to provide a Veterinary Certificate for inclusion in the Product Disclosure Statement (PDS) for syndication by Darby Racing.

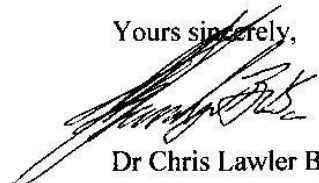

Clinical Examination

The clinical examination included heart, ophthalmic eye examination, teeth examination, limb flexion and joint palpation which were normal. The examination also included a review of the radiographs for the above horse provided in the repository. The horse was examined at rest and at the walk. There was no evidence of previous abdominal surgery, infection or disease, lameness, laminitis or ataxia.

In my opinion, at this time, the Smart Missile x Cash Crazy '15 presented as suitable for purchase as a racehorse as can be determined from the examination performed as described. Smart Missile x Cash Crazy '15 is suitable for public syndication and mortality insurance.

I confirm that I do not have any current or intended future financial or other interest in the above mentioned horse, the proposed syndication or Darby Racing and this letter may be relied upon by prospective investors who invest in the horse.

Yours sincerely,

Dr Chris Lawler BVSc

This certificate has been prepared for inclusion in the disclosure statement issued by the Syndicate and at the time of examination can be relied upon as a true document. The issuing veterinarian has no financial or other interest in the Syndicate or monies raised by the Syndicate. The examination was performed using EVA guidelines.
