### CERTIFICATE OF SUITABILITY FOR SYNDICATION

**NAME OF HORSE:** Unnamed  
**SIRE:** Harbour Watch  
**DAM:** Gooniwiggall  
**BRANDS:** NS: M Under Bar M F OS: 5 over 4  
**DESCRIPTION:** Chestnut Thoroughbred Colt  
**MICROCHIP:** 985100012053934

At the request of Darby Racing, I have examined the above colt at Wild Oaks Farm, The Oaks NSW on the 12<sup>th</sup> April 2016.

The examination was limited to a clinical examination assessment of conformation & an examination of gait when led at the walk & trot. Radiographs lodged at the Inglis repository were viewed prior to the Classic Sale a report is attached

An endoscope examination was conducted after the Classic sale and the report is attached.

At the time of examination the colt was in good health and condition and free from signs of disease or injury. Body and leg conformation were good, and there were no signs of lameness when led at the walk and trot. No abnormalities were detected on auscultation of the heart and lungs.

Within the limits of the examination there were no abnormalities present that would in my opinion reduce the chances of this horse withstanding the pressures of racing. In my opinion the colt is a suitable subject for syndication/sale as a racehorse.

I declare that I have no financial interest in this colt, and no financial interest in Darby Syndications.

Yours faithfully

Dr John Crowley BVSc(Hons)  
Veterinary Surgeon
